Product Overview This note discusses valuation in the context of business mergers and acquisitions. It builds on standard methods of business valuation to consider the unique questions arising in a merger or acquisition setting. Business Valuation in Mergers and Acquisitions July 23, 2017. by John Kennedy. Generally, when valuing a company, there

are two different ways to approach the valuation of the company: the first is the liquidation value of the company, and the second is the value of the company as a going concern. Most often in a mergers and acquisitions transaction, the target business will be valued as a going concern, unless the target company is in distress and the acquiring company is purchasing it to strip it down and sell the assets, or to remove ... Mergers and Acquisitions: Valuation Methods 5. Valuation Methods: An Overview. Several valuation methods are available, depending on a company's industry, its characteristics (for example, whether it is a start-up or a mature company), and the analyst's preference and expertise. 5. Valuation Methods: An
