many disciplines, words that may be familiar to ELLs in an everyday context take on an entirely new meaning when used in a more specialized, geoscience setting.

... Language Challenges & Recommendations The Wave Model of Language Change "[T]he distribution of regional language features may be viewed as the result of language change through geographical space over time. A change is initiated at one locale at a given point in time and spreads outward from that point in progressive stages so that earlier changes reach the outlying areas later. Definition and Examples of Language Change In the modern world, language change is often socially problematic. before divergent dialects lose mutual intelligibility completely, they

begin to show difficulties and inefficiencies in communication, especially under noisy or stressful conditions. Also, as people observe language
