You can search Google Books for  
any book or topic. In this case, let's  
go with "Alice in Wonderland" since  
it's a well-known book, and there's  
probably a free eBook or two for  
this title. The original work is in the  
public domain, so most of the  
variations are just with formatting  
and the number of illustrations

included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.
