Pogil Activities For High School Digital Books Now Available Flinn Scientific is excited to join with The POGIL® project to publish two NEW Digital books covering Life Science, and Earth and Space Science. The student-centered activities are designed to support the Next Generation Science Standards (NGSS). POGIL - Flinn While POGIL □ Activities are designed to be completed synchronously in a collaborative team setting with the teacher present as the facilitator, there are ways to utilize the activities in an asynchronous online setting. First and foremost, the POGIL activity needs to be converted from a PDF document into one that is accessible to students. There are a variety of methods to do this depending on what learning management system the teacher is employing. POGIL Activities in an Asynchronous Learning Environment ... POGIL and Next Generation Science Standards. The Next Generation Science Standards may seem daunting to implement in your high school physical science, biology, and chemistry courses. Never fear! By using specially designed POGIL activities, your students can experience the inquiry-based collaborative learning envisioned by the developers of NGSS. With some basic training on how to use currently available curricula, you can successfully combine the three dimensions of the NGSS in your ...
